Dear Sirs/Madams:

I am writing to ask you not to allow a Bank of Walmart to be built.

Among other things, WalMart has a history of treating its employees poorly; by underpaying them and discriminating against its female employees.

We do not need this to grow.

Target, which also has a charter bank, is not much better.

Please support local businesses and help bring sorely needed variety to the marketplace and oppose a Bank of Walmart being built.

Thank you for your time and consideration.
